GRATUITY GUIDELINES FOR BUS DRIVER AND TOUR GUIDES

Below is a suggestion of expected and usually received tipping for those in the Motor coach/tour industry depending on level of service. These guidelines are based on industry standards and paid per seat occupied on the coach.

- 1) Nothing: If a driver/tour guide just drives and does nothing else, then the tip should reflect his involvement,"0". As driving from point A to point B is what he is paid for.
- 2) \$5-\$6 per person per day: the driver/tour guide was going to be acting also as a shuttle driver once they arrived at the destination. If the driver/tour guide are professional, creates conversation, and maintains a clean coach, then the driver/tour guide should receive a minimum of \$5-\$6 a day per person. If the driver/tour guide also unloads the luggage and reloads it, then that should be taken into additional consideration.
- 3) \$7-\$8 per person per day: The tour guide and driver who in addition to the above, brings a certain amount of levity into the mix, intermingles with the passengers, demonstrates a true professional demeanor and ability such as where he lets the passengers off and on. In other words, the driver/tour guide who becomes a positive memory of the trip should be rewarded with a tip of \$7-\$8 a day per person.

Your tour guide and driver play an important role in making your vacation as memorable and hassle free as possible. On Tour Concerts has provided labeled envelopes in your pre-trip documents as a manner to discreetly provide gratuities.

We suggest you place your envelope on your tour guide and drivers seat at the Duty-Free Stop

The Boston Red Sox have a zero-tolerance policy with respect to abusive fan behavior and the use of derogatory language or hate speech. Derogatory language is defined as the use of offensive language concerning another person's race, ethnicity, gender, religion, disability, age, sexual orientation, or national origin. Clear backpacks are not allowed.

All bags will be subject to search as referenced above. Please pay close attention to the prohibited items list below.

BUS ETIQUETTE

Quiet Time: On overnight travel, during our tours, we try and provide a quiet time between Midnight and 6:00 AM. We will not be using the audio and video equipment on the coach during this travel time.

Bathroom: Motorcoach buses are equipped with a bathroom. However, bathroom contents are only emptied at the *end* of the trip. For the comfort of all passengers, please use the bus bathroom only in cases of a true emergency. Tour Directors plan regular restroom stops on all trips.

Be Considerate of Other Passengers: Try to accommodate and compromise whenever you can. Be polite and respectful of fellow passengers.

Reclining Seat: Check behind you and excuse yourself before you recline your seat. Someone may be leaning forward, working on their laptop or tablet, or have a drink on the table tray. Then recline your seat slowly. Just use courtesy and common sense!

Complete Stop: For your safety, please do not stand or move around the bus when the bus is in motion, even if it is slowing to a stop. Heavy traffic can sometimes result in abrupt stops or bus motions. Please stay safe and remain seated.

Bag Storage: Suitcases and luggage are stored in a compartment underneath the bus. Pack a small bag of essentials to have with you while traveling on the bus. Overhead storage space above each seat is limited. Pack only what is comfortable to have on your lap or at your feet. Keep medications with you!

Take a Picture: Take a physical or mental picture of your bus and note the bus number and location. This information may be critical for relocating the group if you find yourself lost and call 506-349-8687

Mind your food: When traveling by bus, pick the right snacks (no fruits or vegetables can cross the border). Select drinks and food that are unlikely to spill if the bus must make any sudden movements. Since you will be sharing the air inside the coach, avoid eating or drinking anything that has a strong smell that might irritate other passengers. Smells can linger long after you're done eating. Also, please avoid common allergens like peanuts and tree nuts.

Trash: Keep your personal space neat and tidy. This makes it easier and safer to move around the bus and provides a more pleasant environment. Put your trash in the appropriate receptacles and take your garbage off the bus with you when you depart at all stops. A garbage bag is often located at the front of the bus. Gather your trash and throw it out at the next stop.

Featured Film: Almost all motor coaches are equipped with a DVD player and TVs for viewing. We try to ensure the content is appropriate for the traveling age-group rating from General to Restricted.

Climate Controlled Buses: For everyone's comfort, we ask that you dress in layers and bring a small blanket if you wish as buses are kept at one temperature.

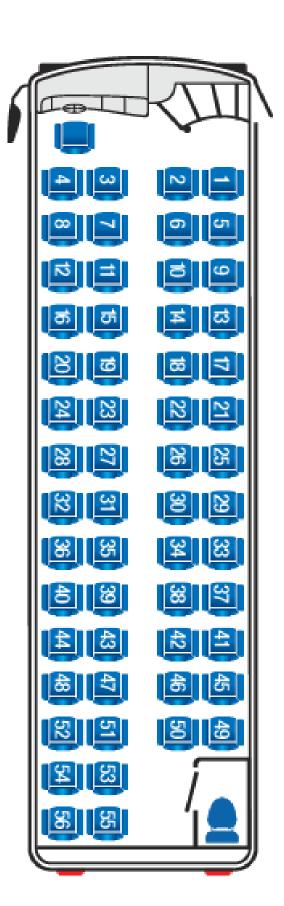

RESERVED BUS SEATING

Bus diagram may not reflect the general layout for each bus.
